BECOME SUSPICIOUS Have You Been Put on the Trail of FIFTEEN CORRECT TITLES?

And Are You Ready to Be Put on the Trail of Five More-Twenty in All?

The Answer Book, you know, has one special page upon which the numbers of twenty pictures are printed. Opposite each number is given the page of the catalogue upon which the correct title to that picture is to be found. Fifteen of these pictures have appeared so far. Five more will appear.

WHAT BOOK TITLE DOES THIS PICTURE REPRESENT?

You will find it in our Official Catalog

WRITE TITLE IN FORM BELOW

Title. Your Name.

Street and Number. City or Town

Total number of Pictures 77. Cut out and save them from day to day. Don't send in an incomplete set. A complete set of 77 pictures must be submitted. Date for sending in sets of answers will be announced upon the appearance of Picture No. 77.

HOW TO FIND THE BOOK TITLE A PICTURE REPRESENTS

Suppose a picture represents two children playing on the porch of a house, directly under a large American flag. Suppose that picture was drawn to represent the book title, "Under America's Flag." Well, if you have a catalog you will not have to know, to begin with, that such a title exists. Simply use your ingenuity or common sense in figuring out what titles that picture might represent. Then look in your catalog to see if any of them is listed there. If you do not fird one of your possible titles in the catalog, then you can be sure it is not correct, and search through the catalog for another one.

You may decide, for instance, that the picture may represent some such title as "Under the Flag," or "Under the Banner of the Free," or "Under the Stars and Stripes," or "Under America's Flag." Look through the catalog for each of these possible titles until you find the correct one-"Under

All the 77 correct titles are in the official copyrighted catalog, and each picture was drawn plainly and clearly to represent one book title only.

Easy to solve a picture, isn't it? You'll find many of the actual Picturegame pictures just as easy to solve as the example given above!

The principal features in connection with this contest are copyrighted by the Booklovers' Contest Co., New York City, M. B. & D. W. Blumenthal, General Counsel, New York City.

How the Answer Book Helps You

If you have an Answer Book you can make 1, 2, 3, 4, 5, 6, 7, 8, 9 or 10 answers to each picture, yet you need only ONE COPY of each picture.

So if you have an Answer Book there can not possibly be any reason for getting more than one copy of each of the seventy-seven pictures, yet you may make a total of 770 different answers to the seventyseven pictures.

Suppose you discover in your search through the catalogue seven different titles that seem to you might fit a picture. You can not decide which of these seven titles is to your mind the best one to submit. So you submit all seven titles as your answers to that picture. If you have an Answer Book you can submit the seven titles and yet need only one copy of the picture.

If you do not have an Answer Book you must get a separate picture and coupon on which to submit

If you want to submit a total of 600 titles and have an Answer Book you need only one copy of each of the seventy-seven pictures. If you do not have an Answer Book you must secure 600 pictures and coupons on which to submit your 600 titles.

The Answer Book saves time, labor and money. You can easily carry it around with you. Read the Answer Book coupon to the right of the announcement. And remember that you can get six free picture certificates with the Answer Book.

Win Your Share of Those Wonderful Prizes Listed Below. One of Them Should Be Yours. You Can Easily Win. Enter The Salt Lake Tribune's New and Greater Picture Game Today.
